“Force24, with SuperOffice, can help your business take marketing and lead generation to the next level.”

Optimised for SuperOffice

We have created a ready to deploy integration between your SuperOffice CRM and Force24. Transform your marketing duties by bringing all your marketing into one place with real-time data capture and collection. Save money, time and resources with these results-driven automation tools!

The integration will allow your business to:

Personalise

Tailor your material to contact information and interests to stand out from the crowd.

Act

Analyse contact engagement to convert actions into meaningful leads.

Automate

Trigger automated responses based on contact campaign actions.

Identify

See contact patterns as they interact with your campaigns and website.

Connect

Customer, prospect and partner data are linked between SuperOffice and Force24.

Organise

Segment and arrange your contact data with lists for ease of marketing campaigns.

eSuite programs for business connect your organisation to the outside world using the latest software solutions.

eSuite modules are designed and developed by technical experts in business programming and are designed to complement key business applications including Microsoft Dynamics 365 Business Central, Dynamics 365 for Sales and Customer Service, Pegasus Opera and SuperOffice CRM.

eSuite modules are created using a unique process of analysis and then applying a design and development solution to deliver a timely, cost effective solution that meets the needs of the small to medium business.
